

Attachment to Measuring Up Fund Final Report

The Measuring Up Fund received by the Village of Clinton was used for handicapped washrooms in Reg Conn Park, which is one component of a five stage plan which includes walking trails, accessible washrooms, skate park, curbing and an adult wellness park.

Clinton is a town with few amenities such as recreation facilities, walking trails, handicap washrooms, and accessible buildings. With a predominately aging population, we feel it is imperative to provide services that will enable people with disabilities to be able to use the park and its facilities.

The installation of the washrooms was completed June 30, 009.

Measuring Up Committee:

Heidi Frank
Val Bissat
Roland Stanke
Karl Hanson

The Measuring Up Guide provides good background information, especially for communities in the beginning stages of improving access.
